

STUDENTS LIVING BETTER

STUDENT ONE

OUR COMMITMENT TO UNDER 18 YEAR OLD INTERNATIONAL STUDENTS (U18I)

Student One provides a safe, secure, and dedicated student living experience that provides a modern alternative to homestay placement for international and domestic students under the age of 18 years. At Student One, 17-year-old residents have the opportunity to live among a culturally-diverse group of peers made up of domestic and international residents studying at a range of Brisbane's tertiary and college campuses.

Our team, made up of experienced management, caring staff and resident assistants, is there to guide residents through their study and work lives. Each Student One residence is staffed 24/7 by multi-lingual staff and fitted out with secure and exclusive swipe card access.

Student One applies the Under-18 International Student Visa requirements to the exacting standards of Brisbane's educational institutions.

WHY STUDY GROUPS CHOOSE STUDENT ONE

Visiting Brisbane for a study tour can be the experience of a lifetime. Student One works with Brisbane's most-famous schools and universities to provide tailor-made accommodation options for study groups. If a study group is visiting Brisbane for a great time, but not necessarily a long time, then Student One is the best choice for safe, secure, and premium student accommodation. To assist with the group's needs, Student One's multi-lingual staff are available 24 hours and all members of the group are ensured to have the same great experience.

HEALTHY BODIES, HEALTHY MINDS

Student One's Residential Life program allows our residents to have a healthy and balanced approach towards student living. A quick glance at Student One's Resident Life calendar shows day trips around Brisbane and South-East Queensland, regular gym and yoga sessions, cooking classes, personal and professional development workshops, and healthy doses of food, fun, and friendship. By encouraging residents to opt-in to these events, we also give our residents the freedom to create their own study-work-life balance. Every event we hold within the Student One community is designed to encourage healthy bodies and healthy minds.
